Every Visit Is A Unique Experience

At Wessels Living History Farm you won’t look at things from behind glass windows or barriers. We are a real, working farm, set in the 20s, with chores to do every day. Would you like to help us in the garden? The tomato plants are overflowing, help yourselves! Might you be interested in a cornmeal cookie and a glass of lemonade? Come on in, we’ll tell you a story about David Wessels and his dream to preserve the simple life of a Nebraska farmer. While you’re here you could help us shell some corn, feed the animals and gather the eggs if you’d like!? Enjoy the space– play some horse shoes or croquet! Shop in the gift shop or examine the antique tractor collection– something for everyone! See you soon! Hillary Mundt, Director

Meal Options

Save some time- let us feed you while you’re here! You choose–

- A hearty, meat and potatoes kind of meal- complete with desert!
- A picnic lunch– fried chicken or sandwiches with salads!

Pricing per person fluctuates with current catering prices, currently $12- $15 per person. We’ll lock in your meal price when you book your tour and work out the details- we’ll make all the arrangements and have it ready for you, served in the barn or in the lower level of the church. Special meal considerations are available upon request. Give your group some extra time!
